

REACH

College Higher Education

College Higher Education is the alternative route to gaining a University Degree.

Study for your professional and technical degree in a college environment.

www.reach.ac.uk

Quality Assurance

Colleges have very high standards of teaching and learning. They are monitored for Quality Assurance by both QAA and Ofsted.

Range of Qualifications

Colleges offer a wide range of professional and technical degree's including Higher National Certificates, Higher National Diplomas, Foundation Degrees, Higher Level Apprenticeships and Honours Degrees. Most courses can be studied on a full or part-time basis.

Relationship with Industry

Colleges work very closely with industry and local and national companies to offer courses in skills that employers need. In this way, colleges can provide employers with graduates who have up to date and relevant qualifications able to fill potential skill gaps.

All Colleges within the REACH partnership have specialist and industry standard resources and equipment, offering some of the best and most up-to date learning facilities in the City and County.

Student Satisfaction

CHE has a very high level of student satisfaction*, combined with competitive fees and high levels of tutor contact and support.

To find out more about the courses on offer and Open Days go to www.reach.ac.uk
